

Private Pilot Ground School

MONDAYS & THURSDAYS 6:00 PM TO 9:00 PM
STARTING MONDAY, JANUARY 21, 2008
HELD AT GRAHAM AVIATION'S OFFICES AT THE SALEM AIRPORT

Graham Aviation Services

Jim Graham, CFII, had always wanted to teach flying full time. In May 2005, he and his wife, Gwen, an instrument-rated pilot and advanced ground instructor, realized their dream. Graham Aviation Services, LLC opened at Salem McNary Field in the office space above Val Avionics (just north of the restaurant.) Their goal is to provide quality flight and ground training to enthusiastic student pilots. This private pilot ground school not only teaches you what you need to know to pass the FAA written test but also includes practical, real-life flying scenarios to help make you a safe pilot in today's airspace.

Topics Include

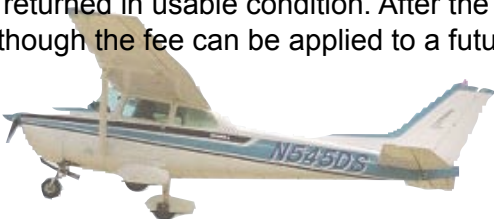

- Human Factors of Aviation, Aircraft Powerplants and Flight Instruments
- Four Forces of Flight and Aerodynamics of Flight
- Aeronautical Charts, Airspace, the ATC System and Navigation
- Basic Weather Theory and the Forecasting Process
- Federal Aviation Regulations
- Aircraft Performance, Weight and Balance and Flight Computers
- The Flight Planning Process and Aeronautical Decision-Making

What You Receive

- A 10-week, 50+ hour class of personalized ground instruction with stage exams
- FAA Written Exam at the conclusion of the class
- Graham Aviation Pilot Kit which includes your textbook and workbook, logbook, Seattle Sectional, E6B Flight Computer, Plotter, FAR/AIM, Airport/Facilities Directory, Practical Test Standards, Test Prep Manual and a student flight bag

Fee & Registration

\$595 due at the time of registration. Credit cards are accepted. To register, call Graham Aviation at 503-581-4139. Cancellation Policy: A full refund (less a \$50 administrative fee) will be issued if the cancellation is received prior to the beginning of the third evening of class and the pilot kit is returned in usable condition. After the beginning of the third class refunds cannot be issued although the fee can be applied to a future Graham Aviation Ground School.
